Date :2010-09-01 version 1. Geotechnical Anchor book of Chinese Association of the Nineteenth National Symposium on Geotechnical Anchor. a total of 84 paper catalog . Topics include overview of rock anchoring technology. theoretical research and engineering testing. engineering design and construction technology. slope reinforcement and landslide. deep excavation and foundation engineering. tunnel and underground engineering. construction equipment and construction materials. This book reflects the recent years. China's scientific and technical personnel on the ground anchoring technique in engineering applications to some of the hot and difficult problems. conduct scientific research and new technology research results obtained. has accommodated a number of large geotechnical engineering examples and anchoring The success of new experiences. rich in content and practical. Book available for irrigation. hydropower. roads. railways. municipal. urban construction. mining. military and other departments engaged in geotechnical engineering anchoring research. teaching. engineering design and construction of technical officers. Contents: overview of the topic in the subway through the engineering and safety analysis of the displacement monitoring complex formation earthquake anchor support technology research and exploration anchoring engineering quality inspection technology status and prospects yield the seismic anchor length of prestressed anchor role Effect of long-running cable anchoring section of the design of new concepts and reasonable length of anchor bolt support of China's coal products. applications and development trends resin bolt standard (MT 146) review the development of two new ground anchor technology theory and engineering test prestressed cable to beam bending beam method and deformation analysis of prestressed cable field test support parameter studies and optimization of mining in the Jinchuan two application systems Jinping underground power plant monitoring and analysis of non-corrosive...
