Amaryllis, Bhopal, India, 2012. Soft cover. Book Condition: New New. Delhi, like India, is full of contradictions, and history. Here empires were built, buried and rebuilt, as many as fourteen times. Those who ruled did with a relish and passion, creating a universe of verses and delicacies. The present is modern, crowded, ambitious a potpourri of cultures and conflicts, where swanky cars dodge carefree bovines on roads lit with neon signs, and where perfectly respectable men empty their bladders with equal abundance. The Metro has brought a ray of hope for those who want to see Delhi up-and-close on foot. Today, the Metro runs close to 200 kilometres across the city, it would log 400 kilometres within years, crisscrossing sites of ancient legends and medieval glory. This pocket-friendly book is a delightful guide and friend. Helpful directional maps and meticulously detailed sights and sounds of walking routes leave you pleasantly tired but exuberant in no less measure. This is the first and only guide to Delhi's lanes and monuments, people and places, poets and djinns, and the Delhi Metro that traverses like a silver worm of time across myths and folklores and tales of valour and empire-making that made the city a tempting and tempestuous beacon of riches and glory for millennia. Page Extent: 188.
